

Install Guide – Android Smartphone or Tablet

1. Connect your device to your NDTC home internet service to ensure you are able to access your entire TV lineup. During setup, select 5GHz on your home's wireless network if prompted.

2. Go to the Google Play Store.

3. Search the Google Play Store for "NDTC Stream It TV", highlight the app, and select "Install" to begin the download.

4. Once the download is complete, select the app from the home screen or apps to launch NDTC Stream It TV.

5. Enter your username and password for NDTC Stream It TV.
